

Students Prepare Lunch At BHE!

Cookery has been launched as an activity under BHE's vocational programme, allowing students to use their culinary skills to prepare meals for everyone at the Centre. Though starting as an occasional pastime, it is now a daily task for the students including a set menu consisting of healthy dishes. Filled jacket potatoes, lasagne and chicken fajitas are amongst the favourites!

"I cook at home, too", one student quipped. "But it's more interesting when it's for more people!"

The new kitchen facilities were recently installed as part of the initiative, which aims to assist the students in getting to grips with safe food preparation and cooking.

"The students have responded to the new activity with real enthusiasm", a BHE staff member said.

Tasty treats including freshly made Lasagne and Sautéed Potatoes were among the dishes served.

New ICT Equipment On The Horizon

Also arriving over the next few weeks will be new ICT facilities with networked PCs and internet access. BHE will be taking the opportunity to offer IT as a subject for students to take up. More news will follow over the coming weeks.

BHE Results Successes

Four students taking Maths GCSE passed the exam, with one achieving the A-C grade. An 83% pass rate was attained for the six students who undertook Science GCSE with 17% achieving A-C.

Kickboxing “Student Of The Year”!

Taking The Initiative...

It seems BHE may have an aspiring journalist on their hands! Kerry decided that BHE needed a change to its Newsletter format – so produced one to demonstrate her ideas. The Head of Centre was impressed to say the least. “It shows initiative – great stuff!”.

Good Luck To Our Leavers

BHE is saying goodbye to some of our longer-term students in July this year. We wish them all the best of luck in the future and hope that their time with us has been enjoyable and beneficial.

New Students Welcome In September

BHE is offering four places for new KS4 students later this year. Please get in touch if you would like your child to join us or if you require further information.

Head Of Centre Honoured

Brian Hammond, head of centre at BHE, has been elected as a Fellow of the Institute of Science & Technology. Congratulations from all the staff and students on this achievement!

New Centre Frontage

The centre front has had a bit of a facelift recently, the aim being to show to visitors/parents and the public that inside is a vibrant educational establishment. We hope you like our new look!

BHE wishes students a pleasant half-term break!
